## Let's talk SUMMER

### Let's mingle

- 1. What is your best summer memory?
- 2. What are you going to do this summer holiday?
- 3. How does summer make you feel?
- 4. What is your favourite summer festival?
- 5. What do you enjoy doing in the summer that you can't do during the other seasons?
- 6. What three things do you always take with you when you go to the beach?
- 7. Use three adjectives to describe SUMMER
- 8. What do you not like about summer?

### Let's create

Put the students in small groups. Each group represents a travel agency. They have to create a tempting offer for a summer break.

The students need to think about:

- \* Who will be their clients?
- \* What is the name of their travel agency?
- \* Length/price/accommodation/ highlights

Once they plan the holiday, they have to create a video to advertise it.

I recommend using the free options of: https://www.powtoon.com or https://spark.adobe.com

If you don't have access to the Internet, the project could be created on a piece of cardboard.

Finally, the students present their ads in front of the class and the best one is selected.

This project could run for a couple of weeks.
